### **FURNITURE**

This chic brown and white soft seating for the event's cocktail hour was provided by **AFR EVENT FURNISHINGS**, and to add a touch of rustic comfort to the look, and hay bale was used in place of a table. Gorgeous white drapes framed the opening to the barn, brought in by **EVENT DRAPERY**.

### ESCORT CARDS

For your outdoor celebration, attach your escort cards to a wooden picture frame and hang it from the limb of a tree.

### DESSERTS

A delicious array of desserts was provided by **BLOOMING FLOUR BAKERY**, including bourbon pecan bars and salted caramel cupcakes.

### FAMILY TREE

To help keep family as the focus of the rehearsal dinner, artwork of the family tree was hung on the wall just inside the entryway.

### PERSONAL DECOR

To add a personal touch to the decor, a trio of framed black and white photos were displayed on the wall. At the center was the soon-to-be-married couple, while photos of both sets of parents on their wedding days were hung on either side.

### GIFT BAGS

Simple brown paper bags were used to hold gifts for guests. **DECOMARJ** created the lovely labels from ivory cardstock, cut and embellished with tea stained lace and bordered with a perfectly peach paper.

#### DECOR

An elegant champagne button rose linen from **I DO LINENS** covered the long estate table, bringing contemporary sophistication to the barn's glowing interior. To further strengthen the modern feel, gold and brown striped lamp shades were affixed to the chandeliers.
